OMNI MEDICAL HOLDINGS INC., ANNOUNCES DATAFUZION INC. HAS EARNED CERTIFIED PARTNER STATUS IN MICROSOFT PARTNER PROGRAM

Littleton, CO (April , 2005) - DataFuzion, Inc., Empowering Healthcare Technology - today announced it has earned certified status in Microsoft Corp.'s Partner Program recognizing DataFuzion's expertise and total impact in the technology marketplace. As a Certified Partner, DataFuzion has demonstrated expertise with Microsoft technologies and proven ability to meet customer needs. Microsoft Certified Partners receive a rich set of benefits, including access, training and support, that give them a competitive advantage in the marketplace.

DataFuzion provides a complete line of integrated back-office practice management and electronic medical record solutions, plus decision support reporting tools for physicians and hospitals. Its ASP hosted products are designed to maximize practice performance by identifying revenue enhancement and cost savings opportunities, while eliminating the upfront costs and ongoing expense of owning, upgrading, staffing and maintaining multiple in-house operations and reporting systems.

"Only companies that have demonstrated high levels of customer service, proved their experience and attained advanced certification receive the designation of Microsoft Certified Partner," said Allison Watson, vice president of the Worldwide Partner Sales and Marketing Group at Microsoft. "Today, Microsoft recognizes DataFuzion for its skills and expertise in providing customer satisfaction with Microsoft products and technology."

"We are extremely pleased to have earned certified status in the Microsoft Partner Program in recognition of the high quality products and services that we provide to the Healthcare industry," said David Rubins, Vice President of Software Development for DataFuzion. "The benefits provided through our certified membership will allow us to continue to enhance the offerings that we provide for our customers."

The Microsoft Partner Program was launched in December 2003 and represents Microsoft's ongoing commitment to the success of partners worldwide. The Microsoft Partner Program offers a single, integrated partnering framework that recognizes partner expertise, rewards the total impact that partners have in the technology marketplace, and delivers more value to help partner businesses be successful.
